

Perfect for home

## MyEspresso

**MyEspresso**, its new capsule coffee system. Designed to deliver an authentic Italian espresso experience wherever you are.

The **MyEspresso** capsule coffee machine uses an Italian-built pump, with water pressure up to 19 bar and an exclusive piston dispensing system. The coffee machine operates at a water pressure of up to 19 bar and, thanks to the exclusive piston dispensing system, delivers a flavoursome and creamy espresso straight to your cup.
